REMARKS

Reconsideration is respectfully requested in view of any changes to the claims and the remarks herein. Please contact the undersigned to conduct a telephone interview in accordance with MPEP 713.01 to resolve any remaining requirements and/or issues prior to sending another Office Action. Relevant portions of MPEP 713.01 are included on the signature page of this amendment.

The amendment to the inventorship deleting Yun Hsin Liao and Ravi F. Saraf submitted with applicants prior response is withdrawn.

Claims 1-24 have been rejected under 35 U.S.C. 102(e) as anticipated by Angelopoulos et al. (5,804,100). Each independent claim 1, 7 and 18 has been amended to recite that the additive is a plasticizer from a specific list, no part of which is taught in US 5,804,100 which therefore cannot anticipate claim 1-24. This list is from original claim 4 with "Glycerol derivatives", "Succinic acid derivatives", "Sulfonic deravitaves", and "Hydrocarbons" replaced by the specific examples of these categories from Table 1 of the specification. Thus no new issue is presented that has not been under examination. Withdrawal of this rejection is respectfully requested in view thereof.

In view of the changes to the claims and the remarks herein, the Examiner is respectfully requested to reconsider the above-identified application. If the Examiner wishes to discuss the application further, or if additional information would be required, the undersigned will cooperate fully to assist in the prosecution of this application.

Please charge any fee necessary to enter this paper and any previous paper to deposit account 09-0468.

If the above-identified Examiner's Action is a final Action, and if the aboveidentified application will be abandoned without further action by applicants, applicants

Serial No. 09/727.615

Docket No. YOR919960050US3

file a Notice of Appeal to the Board of Appeals and Interferences appealing the final rejection of the claims in the above-identified Examiner's Action. Please charge deposit account 09-0468 any fee necessary to enter such Notice of Appeal.

In the event that this amendment does not result in allowance of all such claims, the undersigned attorney respectfully requests a telephone interview at the Examiner's earliest convenience.

MPEP 713.01 states in part as follows:

Where the response to a first complete action includes a request for an interview or a telephone consultation to be initiated by the examiner, ... the examiner, as soon as he or she has considered the effect of the response, should grant such request if it appears that the interview or consultation would result in expediting the case to a final action.

Respectfully submitted,

By: /Daniel P. Morris/
